# Joy in March

Joy is everywhere when we decide to look for it! So be intentional about joy. Speaking of joy... POP-UPS ARE BAAAAAAACCCCKKKK!!!!!!!

Oh my goodness. The wait is over — Pop-Up Restaurants are back in full effect. Its been a long 5 years of planning, hoping and praying and we are back. Our hearts are so full. We are so excited for this renewed chapter of hosting and curating memorable experiences. We are thrilled to announce that our Pop-Up restaurant series is officially ack, and we're kicking off the season with an unforgettable 4-course Autumn Dinner in collaboration with Cape Herb and Spice.

Our first event on the 15th of March was at a stunning penthouse studio in Pretoria with breathtaking city views. It was a flavour-filled evening inspired by the season's best ingredients.

We're also excited to offer Private Pop-Up experiences — perfect for intimate celebrations, private parties, bookclubs, baby showers, or special occasions where we curate a bespoke dinning experience just for you and your guests.

Enquire about private bookings by emailing us. Let's create memorable moments — With love, the twins. We have so many great relationships with our brand partners, and its been so incredible to see each other's growth, we hope for more beautiful collaborations in the future.

In other news, our mentorship programs are growing. We've officially partnered with All4Youth SSA Team for their Mentorships 2025. We are excited for this new journey and we can't wait to inspire more young people through this platform.

We also got invited to Crawford International Bedfordview to inspire some young chefs about their chosen industry and also demonstrate some of those intimidating dishes that are seemingly hard to perfect. What an honour it is to be invited to this prestigious school.

Our March content was off the charts. So please go and check it out on our social media handles to see exactly what we've been put to.

Love always..
